How to fill in this journal

- Write down everything you eat and drink. You may want to record **one weekday** (or **workday**) and **one Saturday** or **Sunday** (or **day off**).
- Include:
 - How much food you ate. See the suggestions below to estimate portion sizes. If the food comes in a package, just write down the package size. Example: 175 mL container of yogurt.
 - How the food is cooked (for example: fried, baked, boiled, barbecued)
 - Anything you add to food, during or after cooking. Example: cream, sugar, oil, butter, jam, syrup, ketchup or other sauces, dressings or condiments.
 - Details about restaurant foods, fast foods, or packaged foods (for example: McDonald's Big Mac[®] or KFC[®] chicken).
- Measure the food you eat for a day or two to help you understand how much you eat and drink. Use measuring cups and spoons.
- Write down all your **activities** for the day. Include planned activities (going for a walk or swim) and activities of daily life (housework or grocery shopping). Comments may include where you ate, your mood, or stress level.
- Use more paper if you need to or photocopy the other side of this handout.
- Read over your journals to see what is working well and what you may want to change.
- Keep on tracking. Use this tool to help you meet your goals, or to make new goals.
